## 17. Web Hosting

*Due to the complexity of installing and hosting store-building software and relational databases, it is important that you accept our recommendations for Web hosting services. We charge for the additional time expended installing and configuring stores on Web hosting services other than those we recommend. Others allow store owners to use the server's digital certificate. If you need a separate Digital Certificate, for an additional fee, we will interface with VeriSign for you, saving you a considerable hassle. Do you require this service? Yes  No

## 19. Globalization

*Once your store appears on the Web you will have a global business. You will get orders from other countries, since many countries are not able to purchase these items locally. How will you make your site more comfortable for international customers?*
